// Dicamba, an active in Roundup Xtend® herbicide with VaporGrip® Technology and XtendiMax<sup>®</sup> herbicide with VaporGrip Technology, is a superior Group 4 chemistry for residual weed control of common annual broadleaves, including glyphosate-resistant kochia

// Applying dicamba in addition to a tank-mix partner increases overall weed control and fosters proper weed management stewardship

## **WEED CONTROL 39 DAYS AFTER APPLICATION**

Source: Western Canada Market Development Trials (2019). Treatments were applied during normal pre-seed burn off window with emerged kochia present.
